

2022
Kia Cerato

Life is what you make it

At Kia, we believe movement inspires ideas. Great ideas come to you when you're on the move. Whether you're walking, traveling on a train or driving.

It's why we create the spaces and the time you need to bring ideas to life. Very like the experience that awaits you behind the wheel of every Kia. With our design, space innovation, purpose driven technology and built in sustainability, we aim to inspire every time you encounter the Kia brand.

Because you never know where your next big idea awaits. But they are out there. Waiting to be discovered. So, what are you waiting for? Get moving. Get inspired.

Movement that inspires

Style is front and centre

The all-new Cerato further refines the purposeful, flowing design that made its predecessor such a standout in its class. With slimmer LED headlights, incorporating striking six-bar LED daytime running lights, and a reshaped lower intake design, Cerato's front end is sportier and more assertive than ever. The latest take on Kia's long-serving 'tigernose' grille now extends across to the edge of each light.

Kia's new logo sits proud above the redesigned grille, while sharp new front styling rounds out the front-end changes. Cerato is the first vehicle from Kia to feature our new logo, and a completely new design that symbolises a new era for the Kia brand.

Welcome to your comfort zone

The all-new Cerato is about celebrating the driver. This includes further refining the spacious, comfortable interior, where distractions are kept to a minimum, allowing you to focus on driving enjoyment.

Revisions include an electronic hand brake, reflecting the pared back elegance of the entire cabin, and the new Kia logo proudly sitting at the centre of the redesigned steering wheel. The new Cerato cabin design blends a logical layout with a contemporary and spacious feel.

A 10.25 inch infotainment touchscreen* with satellite navigation sits atop the dashboard, while a 4.2 inch digital display in the instrument cluster sits behind the steering wheel.

Other comforts on Deluxe and GT models include dual zone air conditioning, leather trim and heated seats, plus a multitude of seating adjustment options for the driver and front passenger.

*LX models feature an 8.0-inch infotainment screen.

Your safety comes first

Kia has been championing the latest safety technologies for many years. The 2022 Cerato is no exception, with a host of active and passive safety features found in every vehicle in the range.

Safety features include Autonomous Emergency Braking with Cyclist Detection, Safe Exit Warning, Driver Attention Monitoring, a Reversing Camera, Blind Spot Collision Avoidance Assist and Rear Cross Traffic Collision Avoidance Assist, with the last two of these capable of both detecting and braking for obstacles.

There's also Lane Keep Assist, Lane Follow Assist and Rear Occupant Alert, reminding drivers to check the rear seats upon exiting the vehicle.

Performance in every mode

The proven Nu 2.0 litre 4-cylinder MPI engine, packing 112kW and 192Nm, brings effortless power to the LX, LX Plus and Deluxe models. Paired with a silky smooth 6-speed automatic gearbox, this engine delivers spirited performance with miserly fuel consumption.

Negotiating city traffic or stretching out on the highway, the all-new Cerato is nimble, responsive, and ready for anything the journey brings.

Digitally driven

At Kia we believe technology is there to enhance the driving or passenger experience. Part of this is giving you all the information you want without distracting you from the road ahead.

The 2022 Cerato proves the point with two completely new infotainment displays. The LX model features an 8.0 inch touchscreen with a 4.2 inch driver information display in the instrument cluster. Cerato LX Plus, Deluxe and GT models have a 10.25 inch touchscreen with a 4.2 inch TFT LCD screen in the instrument cluster. Both are fully digital.

The infotainment touchscreen is highly intuitive, making it easy for drivers and passengers to access the information or entertainment options they require. Touch-based shortcut buttons sit below the touchscreen, taking you instantly to the information you want.

The driver information display can be customised to show only what you want to see, removing distracting or unnecessary information.

All models feature Bluetooth connectivity with voice recognition, Apple CarPlay™ and Android Auto™. Higher spec models also offer wireless smartphone charging, and a smart key with an engine start/stop button mounted on the dash.

Power up with

The all-new Cerato introduces an extensively revised flagship model that adds refinement as well as power.

The exterior styling is more assertive, with LED headlights and taillights, a red accented front grille, dual exhaust tips at the rear, and 18" alloys that sport upgraded brakes. Stylish black mirror caps complete the picture.

An exhilarating drive

At the heart of this performance liftback is a very lively, 1.6 litre DOHC T-GDi D-CVVT petrol engine. Paired with our 7-speed Dual Clutch Transmission, the shifts are swift and assured, with power right through the range. Sending 150kW and 265Nm to the front wheels, this engine is highly responsive, and delivers an exhilarating drive with the familiar sounds of a four-cylinder GT.

Inside the revised cabin, Cerato GT really looks the part. Black leather seat trim with red stitching and piping, a flat-bottomed sports steering wheel, metallic pedals, and paddle shifters all speak to the sporty character of the vehicle. Heated and ventilated sports bucket seats create an even more comfortable driving ambience, and further reinforce the vehicle's GT credentials. And, exclusive to the GT, a multi-link independent rear suspension system further enhances handling and roadholding.

GT comes with all the upgrades found in the 2.0 litre variants, such as Kia's comprehensive suite of safety features. Lane Keep Assist is now complemented by Lane Follow Assist, Lane Departure Warning and Driver Attention Alert, while Smart Cruise Control makes life even easier for the driver.

Blind Spot Collision Avoidance Assist, Rear Cross Traffic Collision Avoidance Assist and Safe Exit Warning are standard along with Blind Spot Detection, Rear Cross Traffic Alert and Autonomous Emergency Braking with cyclist detection.

Advanced satellite navigation, the smart key with engine start/stop button and various connectivity upgrades all make their way to the GT.

ECO-CONSCIOUS

SO YOU VALUE SUSTAINABLE LIVING? WE DO TOO.

That's why we take pride in rising to meet the expectations and challenges of the 21st century while making tangible contributions to the preservation of the environment and sustainable development of society.

Our environmental research centre spearheads our drive for the production of clean hybrid and fuel-cell vehicles to lead the way to eco-friendly cars for a greener tomorrow for you, your children and all of us.

From design through to recycling, we create innovative products, adhering to state-of-the-art Design for Recycling (DfR) guidelines. Even at the end of your car's life, we aim for eco-friendly return and treatment.

Operating a rigid process, we guarantee environmental protection in the treatment of harmful waste substances. These are then recycled or recovered, ensuring the highest level of environmental protection.

As you can see, what you do on a small scale with your household refuse, we at Kia do on a large scale.

5 YEAR Warranty Programme (OR UP TO 100,000 KMS)

All new Kia Passenger Vehicles come with an impressive 5-Year/100,000 km (whichever comes first) Warranty Programme covering against manufacturing or assembly defects. This warranty programme is transferable between owners and emphasises our commitment to our customers.

5 YEAR Roadside Assist

A Roadside Assistance Programme for the duration of the Warranty Period is also offered on every new Kia at no cost. In the unlikely event that your Kia has broken down, help is only a call away and trained staff will be despatched to your location. If a repair cannot be conducted on the spot, the vehicle will be towed free of charge to the nearest Kia dealer.

INCIDENT CARE

If you and your new Kia were unfortunately involved in an incident or crash that requires body repairs to your Kia, Kia Incident Care is here to help you, and is free for the first five years.
