

DCU- Data Connectivity Unit

EV5 | 24/03/2026

Dear Owners,

An OTA Update for the DCU will be available from the **24 March 2026**. This update is only applicable to EV5 vehicles fitted with Connected Car Services.

What's New

This OTA update allows SOS and Automatic Collision Notification (ACN) voice calls to operate via the 4G VoLTE network, improving the call connection speed and quality. If this update is not completed, SOS and ACN calls will not work due to the 3G network shutdown.

We urgently request that you perform this update when possible."

- Updated Data Connectivity Unit (DCU) logic to further improve vehicle communication following the 3G network shutdown.

We hope that this OTA update will enhance your driving experience with added convenience and comfort.
