

The all new
picanto

The Power to Surprise

Meet the vibrant Picanto

With its compact dimensions, dynamic performance and agile maneuverability, the Picanto turns a neighborhood of hilly, winding, narrow streets into its very own playground.

A true performer

Kappa 1.2 MPI engine

The CVVT MPI engine with piston-cooling jets and coated piston rings is feisty and capable, yet also quiet and efficient

Power:

62kW @ 6,000rpm

Torque:

122Nm @ 4,000rpm

Automatic transmission

The 4-speed automatic transmission offers quiet operation and shift points that are set to maximise smoothness, even in start-stop city traffic.

Manual transmission

The 5-speed manual transmission features friction reduction measures for lasting performance, and lets you select gears quickly with confidence.

Advanced high strength steel

The Picanto uses more than 44% advanced high strength steel resulting in improved rigidity, while hot-stamping of components is employed in core stress areas. These measures greatly improve average body tensile strength, enhancing cabin protection and improving dynamic performance.

Six airbags

To help protect occupants and potentially reduce injuries in the event of a collision, Picanto offers driver and front passenger airbags, two front-side airbags, two side-curtain airbags.

Electronic Stability Control

ESC ensures optimal braking performance and directional control by automatically delivering the right amount of braking force to each front wheel according to engine torque and driving circumstances.

Braking system

The brakes are tuned to work with the ABS and tyres to reduce stopping distance, while maximising stopping power and directional control while braking.

Hill-start Assist Control

At a standstill on an incline, HAC prevents you from rolling backward. By gently applying the brakes, for up to two seconds, from the time you lift your foot from the brake pedal, it gives you time to switch your foot smoothly to the accelerator.

Reverse parking sensors

Squeeze into tight parking spots with the help of rear parking sensors. As you reverse, loud beeps alert you the closer you get to a car or object.

Rear view camera with dynamic guidelines

Using a rear camera and the 7" dash display, the rear view camera uses dynamic guidelines to recommend a path as the driver backs up.

The centre of attention

With striking curves and colours that pop, the Picanto makes a statement that catches the eye and wins the heart. It may be small, but it's roomy inside and impressively modern.

Ready for modern life

Start/Stop button + Smart Key

With the Smart Key in your bag or pocket you can lock or unlock and even start your Picanto at the touch of a button.

Audio remote controls

Buttons mounted on the steering wheel let you adjust audio functions while your eyes stay on the road and your hands stay on the wheel.

Cruise control

Buttons at your fingertips let you set, adjust or cancel the cruise control system, simply and quickly.

AUX and USB ports

Play your music your way by connecting audio players and mobile devices via USB or AUX cables for instant playback.

7" Colour touchscreen audio

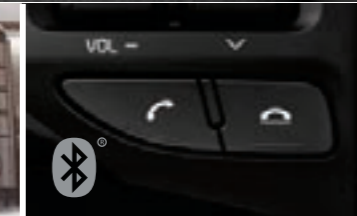

A vivid 7" colour LCD screen is shared by the rear view camera and the audio system. The large screen makes it simple to select radio stations and operate other audio system controls with the touch of a finger.

Android Auto & Apple CarPlay

Android Auto is designed to help you stay focused on the road. It equips your vehicle's radio with display and control functions for compatible Android phones when they're plugged into your Kia's USB port.

Apple CarPlay is a smarter way to use your iPhone® in the car. It enables your vehicle's radio to be a display and controller for compatible iPhones when they're plugged into your Kia's USB port.

Bluetooth® hands-free

Built-in Bluetooth connects paired, compatible mobile devices seamlessly, giving you easy access to music streaming and hands-free calls.

Tweeters

Tweeter speakers at each end of the dash help bring out and enhance the audio playing in the Picanto

The details that make a difference

Tilt steering wheel

Motor-driven power steering simplifies turning, while a tilt steering column lets you find the most comfortable driving position.

Segmented cluster LCD

A segmented cluster between the instrument dials keeps vital information front and center.

Auto light control

Set the lights to 'Auto' and the front and rear lights will turn on or off automatically depending on lighting conditions.

Auto temperature control

Enjoy one-touch comfort by simply setting your preferred temperature, and the automatic system will monitor and maintain the temperature until you change or cancel it.

Double Tray

Located just below the temperature controls, the double tray provides a convenient space for sunglasses or smartphones.

60:40 Split rear folding seats

For maximum flexibility, the rear seatbacks split 60:40 and fold flat, allowing several combinations of people and cargo.

Centre console armrest

The floor mounted center console offers convenient storage and a place to rest your arm.

Front cup holder

At the front of the console, dual cup holders keep drinks secure and close at hand.

At home in the urban jungle

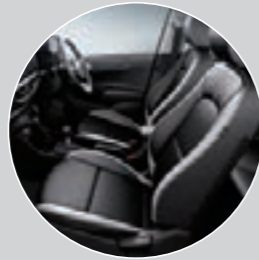

Getting through a typical day of finding your way, staying informed, meeting people, and staying connected takes a certain level of determination. The Picanto helps you handle all the demands of urban living.

Want GT Line attitude?

Body colours & wheels

Composite leather seats

Two-tone black and grey leather seats give the interior a premium feel.

LED tail lights

Not only do they brighten your presence at night, the LED tail lights create character.

Alloy pedals

Racing inspired alloy pedals add to the fun of driving. Raised rubber grips help ensure confident footwork.

Dual exhaust

Two exhaust pipes add another level of impact.

16" Alloy wheel

Enjoy an exclusive design available only on the Picanto GT Line.

Sports bumper

An eye-catching bumper design gives the GT Line another point of difference.

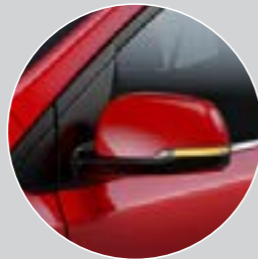

LED daytime running lights

Stylish LED daytime running lights ensure added safety by clearly defining your position on the road.

Outside mirror indicators

Enjoy a more luxurious look with body colour outside mirrors that incorporate LED side indicators, heating function and electric folding.

Clear White

Sparkling Silver

Titanium Silver

Aurora Black Pearl

Shiny Red

Celestial Blue

Pop Orange

* Fuel consumption figures shown are from standard Australia Design Rules tests and are stated for the purpose of comparison. Actual results achieved will differ according to operating conditions and driving style.

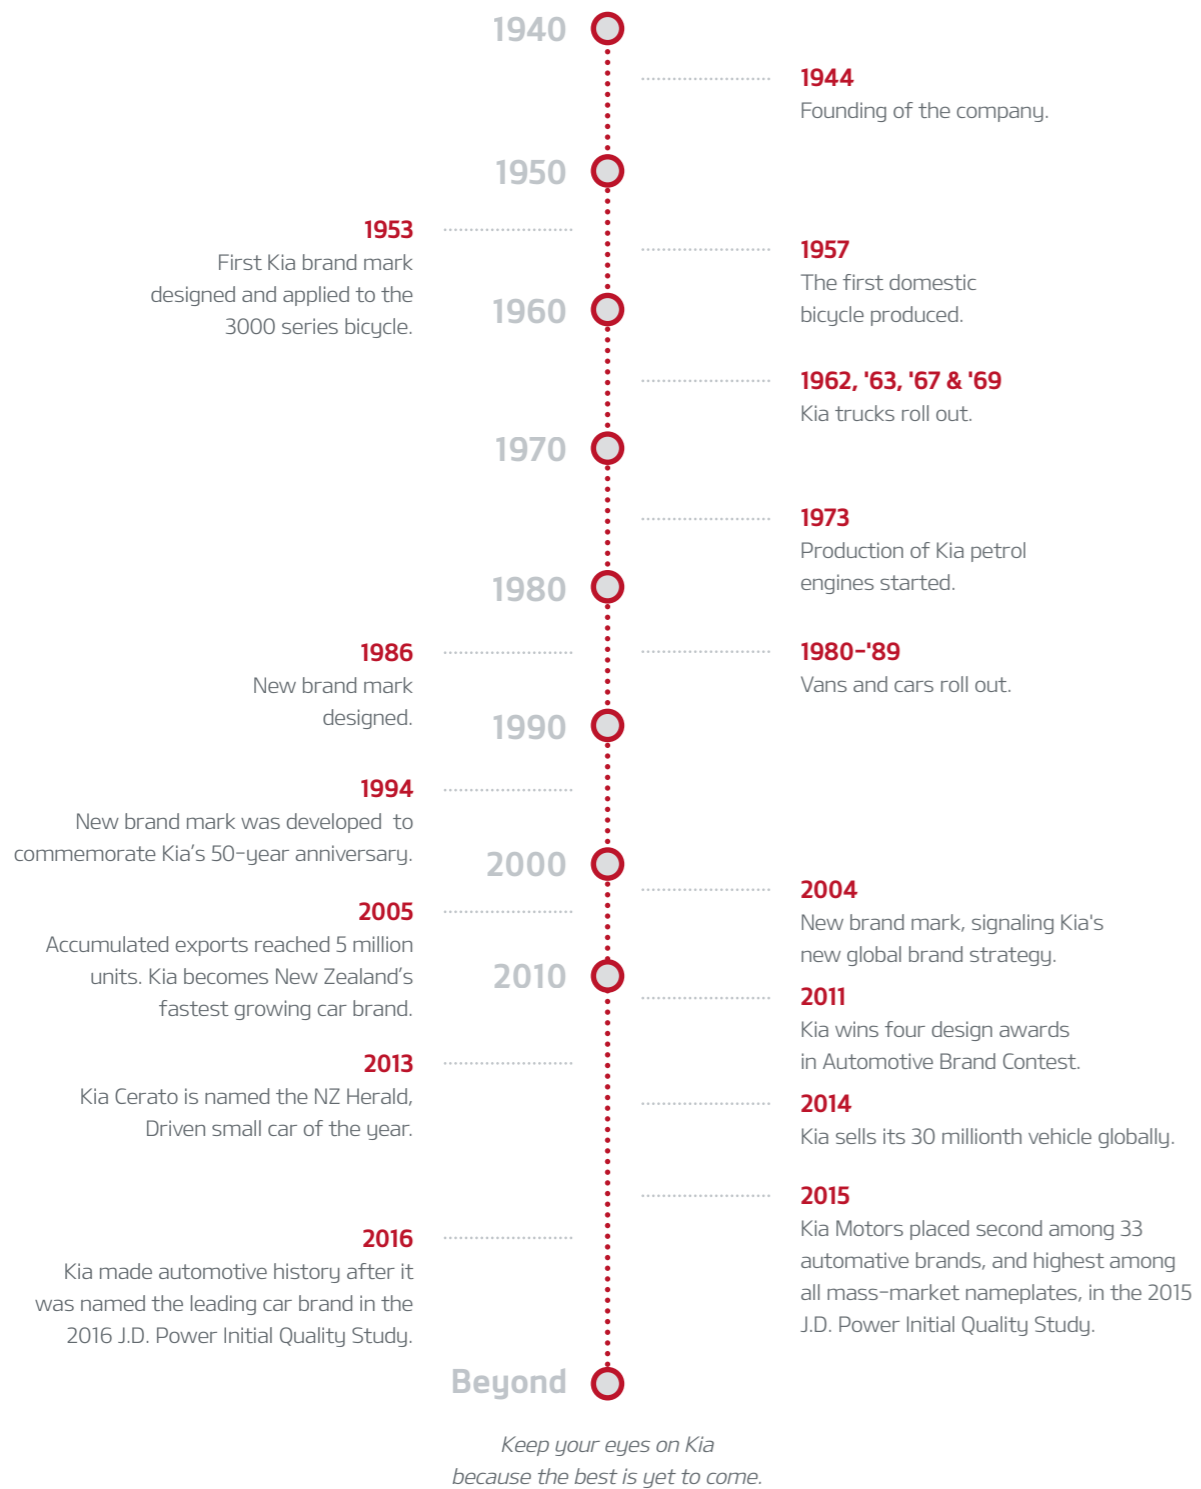

** Not all handsets may be compatible.

Apple CarPlay: Requires an iPhone 5 or later and it is recommended to always update your iPhone to the latest iOS release. Use the Apple Lightning® cable provided with your phone or, Apple certified Lightning cable.

Android Auto: Requires an Android phones with Android 5.0 Lollipop or higher. It is recommended to always update your phone to the latest OS release. Use the USB cable provided with your phone.

Kia Motors cannot guarantee continued compatibility.

A brief history

The stats

ECO-CONSCIOUS

So you value sustainable living? We do too.

That's why we take pride in rising to meet the expectations and challenges of the 21st century while making tangible contributions to the preservation of the environment and sustainable development of society.

Our environmental research centre spearheads our drive for the production of clean hybrid and fuel-cell vehicles to lead the way to eco-friendly cars for a greener tomorrow for you, your children and all of us.

From design through to recycling, we create innovative products, adhering to state-of-the-art Design for Recycling (DfR) guidelines. Even at the end of your car's life, we aim for eco-friendly return and treatment.

Operating a rigid process, we guarantee environmental protection in the treatment of harmful waste substances. These are then recycled or recovered, ensuring the highest level of environmental protection.

As you can see, what you do on a small scale with your household refuse, we at Kia Motors do on a large scale.

5 YEAR Warranty Programme (OR UP TO 100,000KMS)

All new Kia Passenger Vehicles come with an impressive 5-Year/100,000 km (whichever comes first) Warranty Programme covering against manufacturing or assembly defects. This warranty programme is transferable between owners and emphasises our commitment to our customers.

5 YEAR Roadside Assist

A Roadside Assistance Programme for the duration of the Warranty Period is also offered on every new Kia at no cost. In the unlikely event that your Kia has broken down, help is only a call away and trained staff will be despatched to your location. If a repair cannot be conducted on the spot, the vehicle will be towed free of charge to the nearest Kia dealer.

INCIDENT CARE

If you and your new Kia were unfortunately involved in an incident or crash that requires body repairs to your Kia, Kia Incident Care is here to help you, and is free for the first five years.

Visit Kia.com/NZ for full details and terms & conditions.

Sponsorship

Australian Open

Kia has been the major sponsor of the Australian Open every year since 2002, when Thomas Johansson and Jennifer Capriati were crowned champions. And with our new agreement through to 2018, we're set to become the longest running major sponsor in the event's history. Every year we supply Tennis Australia with more than 100 Kia cars to ensure the memorable and comfortable participation of the world's top tennis players, VIPs, officials and media.

Hurricanes

In becoming a Major Partner of the Hurricanes in 2016, Kia has added to an impressive sports sponsorship portfolio that includes the FIFA World Cup, Australian Open and UEFA European Football Championship™. Sponsoring the Hurricanes away jersey allowed Kia to build its brand both within New Zealand and internationally. Investec Super Rugby is widely considered the finest professional club-based competition in the world, and the Hurricanes are a perfect partner for Kia. We're a nation of sports fans and this partnership represents something fresh and thrilling with 'The Power to Surprise'.

Halberg Disability Sport Foundation

At Kia we're committed to supporting worthy causes in our local community, including the Halberg Disability Sport Foundation.

Started by Olympic champion Sir Murray Halberg (ONZ) in 1963, the foundation aims to enhance the lives of physically disabled people, their families and communities, by enabling them to participate in sport.

NRL Auckland Nines

Kia is proud to be an official partner of the NRL Auckland Nines, as well as the official vehicle and automotive partner for the tournament. The NRL Auckland Nines event sits well with Kia's values, including its commitment in the creation of modern, high quality vehicles and the brand's youthful and dynamic values. The Auckland Nines are a perfect partner for Kia, helping to elevate the brand on a national level. It's all about the fans, we're a nation of sports fans and this tournament represents something fresh and thrilling with 'The Power to Surprise'. It breaks the mould and offers a unique experience that no other tournament can provide, just like our vehicles.
